CONSUMER COMMENTS
<p>We are very concerned about this water increase in Oakland Hills Subdivision. The cost is going up so extreme that it will be hard for those of us who are on a fixed income to meet this increase. I'm on disability and so it will be impossible to come up with that much more a month to pay the water bill. Our water comes from a community well and we have septic tanks in our yards. I'm not sure what such a big increase is for. They expect us to pay more than other communities do that have city water and sewers. We pay for our own repairs & replacements of our septic tanks. We also pay to have them cleaned. I'm curious what they think they have done to promote this unreasonable increase? I understand a small increase for inflation but not 9# going up to 60# this will be a hardship on me and many others but the point is, it's unreasonable. Thank you Cynthia Schwerin</p>
