**Re: Docket No. 150116-GU - Petition for approval of safety, access, and facility enhancement program and associated cost recovery methodology, by Florida City Gas**

Dear Ms. Keating and Mr. Cogburn:

By this letter, Commission staff requests the following information from Florida City Gas.

1. Please explain why Florida City Gas (FCG) proposes an annual filing date of October 1 (paragraph 22 of the petition), rather than the September 1 filing date required for Peoples Gas and Florida Public Utilities/Chesapeake for their surcharges (Docket Nos. 110320-GU and 120036-GU, respectively).
2. Please explain how and when FCG plans to notify customers of an approved surcharge, e.g., notice on bill, bill insert, etc.
3. Please refer to FCG's response to staff's First Data Request, No. 7. Has FCG awarded the project? If not, when does FCG plan to award the project?
4. According to Exhibit A, the SAFE program targets 20% of the rear lot main (which are also unprotected steel). Please describe any plans FCG has for the remainder of the rear lot main and unprotected steel.
5. According to Exhibit B, FCG plans to begin work on this project in October 2015, but its proposed surcharges would take effect on January 1, 2016. Please explain why FCG plans to begin work prior to the implementation of any surcharges and whether the expenditures during October – December 2015 are included in the proposed 2016 surcharge.
