After filling an informal complaint:

Case# 1152095E, this is a request to file a FORMAL COMPLAINT, as the previous conclusion is unsatisfactory, to us.

The facts are as follows:

We've occupied this property, since 12/2002.

Our electric bills have been \$500-550 per month, all this time.

After installing the smart meters

(Smart only for FPL. More money in their pocket)Our bill each month is \$750 and up.

(last month was \$892)

If you research our history, it will prove this. This business is run by my wife and I.

(no employees and sales of 120k a year)

The building is 2500 sqft.

We are using the same electric that we've always used(again check our records).

A little more during the summer months(A/C).

Our \$500-550 a month useage, is approximately 2- 2 ½ homes worth.(if you assume that the average South Florida home is around \$200 month. More in the summer).

There is no way that our little business,

is taxing or creating a demand on the electrical grid, as FPL suggests.

We seek immediate relief, from these unrealistic charges.

Please expedite this to the appropriate department. Thank You, James DiGirolamo
5845 Hallandale Beach Blvd, West Park, FL 33023 954.964.1433
