RE: Docket number 150185

Dear Mr/Ms Clerk:

This is a motion for oral argument to be heard at the September 15th meeting. It is the intent of Ms Alvarez, Mr. Buechler and me to request an expedited process for decision by the commissioners no later than October 2015.

If the hearing decision on the complaint itself is not made by October, there is the possibility FPL could be ordered to grant my request for another opening, but after December 31, 2015. Our concern then is that the PSC will be powerless to act or compel FPL because the end date of the Solar Rebate Program will have passed. We are willing to have this motion of September 15th be heard by telephone. We still request the formal complaint be heard in Melbourne, but to be expedited as stated.

Sincerely Yours,
Richard C. Silvestri
