Subject: PSC Rate Increase # 140217-WU (Cedar Acres)

It is our understanding that the PSC recommendation regarding this application has been postponed until Oct-2015. As numerous postponements have occurred since the original schedule date (June-2015) and the Department of Environmental Protection is currently working with Cedar Acres on corrective actions regarding the overall water system and complaints, we were wondering if there was a statute of limitations wherein Cedar Acres would need to re-apply for a rate increase ?
