BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

Re: Petition for Expedited Review of Growth) Docket No.
Code Denial by the Number Pooling Administrator) Filed: September 17, 2015
For the Tampa East rate center)

PETITION FOR EXPEDITED REVIEW OF NXX-X CODE DENIAL

TCG South Florida, ("TCG") pursuant to 47 C.F.R. § 52.15(g)(iv), Federal Communications Commission ("FCC") Order FCC 00-104, and Florida Public Service Commission ("Commission") Order No. PSC-01-1873-PCO-TL, petitions the Commission to review the Pooling Administrator's ("NeuStar") denial of TCG's request for additional numbering resources in the Tampa East rate center. In support of this petition, TCG states:

PARTIES

1. TCG is a partnership and is authorized to do business in Florida.
2. NeuStar is an independent non-governmental entity, which is responsible for administering and managing the numbering resources in pooling areas. See 47 C.F.R. § 52.20(d).

JURISDICTION

3. The Commission has jurisdiction of this matter pursuant to Industry Numbering Committees (INC) Number Pooling Guidelines Sections 3.7 and 12(c). This provision provides that a carrier may challenge NeuStar's decision to deny numbering resources to the appropriate regulatory authority.

BACKGROUND AND REQUEST FOR RELIEF

4. The Tampa East rate center consists of one switching entity that utilizes numbering resources: TAMQFLRYDS0
5. On September 11, 2015, TCG requested 2,000 consecutive numbers from NeuStar for the Tampa East rate center to satisfy the customer's request.

6. At the time of the request, the Tampa East rate center had a MTE of 1.6 months and utilization of 42.9%.

7. September 11, 2015, NeuStar denied TCG's request because TCG had not met the utilization criteria, notwithstanding the fact that TCG is unable to provide the numbering resources requested by the specific customer. See Attachment 1. In accordance with Order No. PSC-01-1973-PCO-TL, the customer contact information is attached. See Attachment 2.

8. As discussed above, both the FCC Order and the INC guidelines provide that state regulatory authorities have the power and authority to review NeuStar's decision to deny a request for numbering resources. See INC Number Pooling Guidelines Sections 3.7 and 12(c).

9. Under earlier MTE procedures used by NANPA, waivers or exceptions were granted when customer hardships could be demonstrated or when the service provider's inventory did not have the specific number format to meet the customer's specific request. The current process is arbitrary and results in (1) decisions contrary to the public interest and welfare of consumers in the State of Florida; and (2) decisions that do not necessarily promote the efficient use of telephone numbers.

10. TCG requests that the Commission reverse NeuStar's decision to withhold numbering resources on the following grounds:

(a) NeuStar's denial of numbering resources to TCG interferes with TCG's ability to serve its customer in Florida.

(b) As a result of NeuStar's denial of the request for additional numbering resources, AT&T is unable to provide telecommunications services to its customer as required under Florida law.

WHEREFORE, TCG requests:

1. The Commission review the decision of NeuStar to deny TCG's request for additional numbering resources for the Tampa East rate center; and

2. The Commission direct NeuStar to provide the requested numbering resources for the Tampa East rate center as discussed above.

Respectfully submitted this 17th day of September, 2015.
