CONSUMER COMMENTS The impact of this outrageous rate increase, if approved, will be to double our sewer rates, causing a financial hardship to many of Sandalhavens 835 customers, most of us are senior citizens living on a fixed income.

What other business would be allowed to place the burden of this type of increase on the backs of their customers , simply because of their misjudgment and poor business model?

We respectfully request, in good conscience, that you DENY Sandalhaven's request for this morally unacceptable rate increase. Thank you in advance for your good judgement..
