I am sending this message in regards to the excessive rate increase request by Sandalhaven . Looking over the request the interim rate seems appropriate . What they are asking for is way beyond the scope of reasonable . It would be my hope that the commission would consider the excessive burden the rate increase would put on the citizens and business in the area. Companies should not be able to recoup there losses on the backs of there citizens. I stated earlier the interim rate seems like a fair increase not a increase over 100%.

Thank you
