CONSUMER COMMENTS

The proposed rate increase is arbitrary, capricious and unfair. It is clearly an attempt to gouge the public with a selfish increase. Furthermore, it is unfair to include this price/rate increase in the Sept. bill. I believe that a thorough accounting analysis would reveal and expose an irrational conclusion that this increase is blatantly unfair - And probably crooked. The utility probably hopes to achieve a 50% or so gain. I think the whole increase should be denied.
