DOCKET NO. 150001-EI  
ORDER NO. PSC-15-0428-CFO-EI  
ISSUED: October 9, 2015

ORDER GRANTING DUKE ENERGY FLORIDA, LLC'S REQUEST FOR CONFIDENTIAL  
CLASSIFICATION (DOCUMENT NO. 04919-15)

On August 4, 2015, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Duke Energy Florida, LLC (DEF) filed a Request for Confidential Classification (Request) of certain information provided in the direct testimony of Jeffrey Swartz and Exhibit No. \_\_ (JS-1), dated August 4, 2015 (Document No. 04919-15). This request was filed in Docket No. 150001-EI.

Request for Confidential Classification

DEF contends that the direct testimony of Jeffrey Swartz, specifically pages 5, 6, and 7, and Exhibit No. \_\_ (JS-1), contain information that is confidential proprietary business information under Section 366.093(3), F.S. The information for which DEF requests confidential classification is more specifically identified by page, line and statutory basis in Exhibit C attached to its Request. DEF asserts that the information at issue relates to DEF's Root Cause Analysis Report for the Hines PB2 HP Steam Turbine Event, the disclosure of which would impair DEF's competitive business interests and efforts to contact for goods and services on favorable terms. Furthermore, DEF asserts that their rights and claims under its insurance policies covering Hines 2 have been subrogated to its insurers. The disclosure of this information would impair DEF's and its insurers' competitive business interests. DEF asserts that the information has not been disclosed to the public and DEF has treated and continues to treat the information at issue as confidential. DEF argues that such information is protected pursuant to Section 366.093(3)(d) and (e), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Commission has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

- (d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.

(e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information does satisfy the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information described above appears to be information concerning contractual data and competitive interests, the disclosure of which would impair the competitive business of DEF or its affiliates or its vendors. Thus, the information identified in Document No. 04919-15, shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless DEF or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Chairman Art Graham, as Prehearing Officer, that Duke Energy Florida, LLC's Request for Confidential Classification of Document No. 04919-15, is granted. It is further

ORDERED that the information in Document No. 04919-15, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Chairman Art Graham, as Prehearing Officer, this 9th day of October, 2015.
