DOCKET NO. 150001-EI
ORDER NO. PSC-15-0456-CFO-EI
ISSUED: October 13, 2015

ORDER GRANTING DUKE ENERGY FLORIDA, LLC'S REQUEST FOR CONFIDENTIAL
CLASSIFICATION (DOCUMENT NO. 05457-15)

On September 1, 2015, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Duke Energy Florida, LLC (DEF) filed a Request for Confidential Classification (Request) of certain information contained in Exhibit No. ___ (CAM-3), Part 3, Calculation of Projected Capacity Costs, Schedule E-12A, specifically page 1 of 2, to the direct testimony of Christopher A. Menendez filed on September 1, 2015 (Document No. 05457-15). This request was filed in Docket No. 150001-EI.

Request for Confidential Classification

The information for which DEF requests confidential classification is more specifically identified by page, line and statutory basis in Exhibit C attached to its Request. DEF asserts that the information at issue relates to contractual cost data. DEF notes that pursuant to contract, they are obligated to maintain the confidentiality of this information, and therefore it qualifies for confidential classification. DEF asserts that if DEF cannot assure contracting parties that it can maintain the confidentiality of contractual terms, those parties and other similarly situated parties may forego entering contracts with DEF, to the detriment of DEF's competitive business interests. Furthermore, DEF asserts that the information at issue relates to the competitive interests of DEF and its power suppliers, the disclosure of which would impair their competitive business. Finally, DEF asserts that certain information under claim of confidentiality must be protected because the disclosure of that information would allow other parties and the public to compute the confidential information discussed above (e.g., specific costs, subtotals and total) and therefore that information must be protected from public disclosure in order to protect the contractual information at issue. DEF asserts that the information has not been disclosed to the public and DEF has treated and continues to treat the information at issue as confidential. DEF argues that such information is protected pursuant to Section 366.093(3)(d) and (e), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Commission has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

(d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.

(e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information does satisfy the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information described above appears to be information concerning contractual data and competitive interests, the disclosure of which would impair the competitive business of DEF or its affiliates or its vendors. Thus, the information identified in Document No. 05457-15, shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless DEF or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Chairman Art Graham, as Prehearing Officer, that Duke Energy Florida, LLC's Request for Confidential Classification of Document No. 05457-15, is granted. It is further

ORDERED that the information in Document No. 05457-15, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Chairman Art Graham, as Prehearing Officer, this 13th day of October, 2015.
