DOCKET NO. 150002-EG  
ORDER NO. PSC-15-0478-CFO-EG  
ISSUED: October 15, 2015

ORDER GRANTING FLORIDA POWER & LIGHT COMPANY'S  
REQUEST FOR CONFIDENTIAL CLASSIFICATION  
(DOCUMENT NO. 04140-15 AND 03663-15)

On July 6, 2015, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code, Florida Power & Light Company (FPL) filed a request for confidential classification of certain materials provided pursuant to staff's Audit Control No. 15-013-4-1 (x-ref Document No. 03663-15). Document Nos. 04140-15 and 03663-15 are currently held by the Commission's Office of the Commission Clerk as confidential pending resolution of FPL's request for confidential classification. FPL has submitted the request and included its Exhibits A, B, and C. Exhibit C is a table that identifies the specific line, field, or page references to the materials for which FPL seeks confidential treatment along with the statutory basis for confidentiality and supporting affiants. Exhibit D contains the affidavit of Anita Sharma in support of its request.

FPL asserts that the confidential information in the documents is intended to be proprietary, is treated as proprietary, and has not been publicly disclosed. FPL requests that the Commission grant confidential classification for the documents for a period of 18 months from the date of the issuance of this Order, pursuant to Section 366.093(4), F.S.

Section 366.093(1), F.S., provides that records that the Commission has found to contain proprietary confidential business information shall be kept confidential and shall be exempt from Chapter 119, F.S., Florida's Public Records Act. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes:

- (d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.
- (e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

FPL asserts that the information for which it seeks confidential status consists of FPL's bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms, and competitively

sensitive data. The customer information includes customer names, addresses, telephone numbers, account numbers, rates, billing determinants (kW and kWh usage), conservation savings in kW, and bills. FPL asserts that it does not reveal customer specific account information unless authorized by the customer or required to do so by law, in order to protect the customers' competitive interests and right to privacy. FPL contends that the information for which it is requesting confidential classification is entitled to that classification pursuant to Section 366.093(3)(d), and (e), F.S., as proprietary confidential business information, the disclosure of which would impair the company's ability to contract for the sale of goods and services on favorable terms or cause harm to its ratepayers.

Upon review, it appears that the above-referenced information satisfies the criteria set forth in Section 366.093(3)(d), and (e), F.S. The information contains information concerning bids or other contractual data and competitive business information, the disclosure of which would impair the company's ability to contract for the sale of goods and services on favorable terms and impair the competitive interests of its customers. Therefore, I grant confidential classification for Document Nos. 04140-15 and 03663-15.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this order. At the conclusion of the 18 month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPL or another affected person shows, and the Commission finds, that the information continues to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Art Graham, as Prehearing Officer, that FPL's request for confidential classification of portions of Document Nos. 04140-15 and 03663-15 is granted. It is further

ORDERED that the information for which confidential classification has been requested will be granted confidential classification for a period of 18 months from the date of the issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties concerning the expiration of the confidentiality time period.

By ORDER of Chairman Art Graham, as Prehearing Officer, this 15th day of October, 2015.
