Subject: sewer rate increase docket 150102-SU

RE: 150102-SU

I am an owner of a condo in the Hammocks and was advised that you propose to increase the sewer rate by 139%, an increase despite the increase in 2012. This is an exorbitant increase, especially considering the significant lose we have experienced on the property. It certainly exceeds ordinary inflation rates and is being used to update facilities. The proper process should have been to pass a REASONABLE increase and to do facility update spaced out over reasonable time frame- not to burden retired people with an outrageous increase at one time. We are on fixed income and find this onerous. Please consider the burden this places on us in reaching a FAIR decision. Ed and Julie Justis- 8500 Amberjack Circle
