BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Joint Petition of Clay Electric Cooperative, Inc. and Duke Energy Florida, LLC for approval of a territorial agreement in Alachua, Columbia, Columbia, Levy, Marion and Volusia Counties

Submitted for filing:				
Docket No				
November	24	. 2015		

JOINT PETITION TO APPROVE TERRITORIAL AGREEMENT

Clay Electric Cooperative, Inc. ("CEC"), and Duke Energy Florida, LLC ("Duke Energy") (collectively, the "Joint Petitioners" or the "Parties") pursuant to Section 366.04(2)(d), F.S., and Rule 25-6.0440, F.A.C., jointly petition the Florida Public Service Commission ("the Commission") for approval of a consolidated territorial agreement ("Agreement") in Alachua, Marion, Columbia, Levy, and Volusia Counties;

In support hereof, the Joint Petitioners represent as follows:

- 1. The Joint Petitioners are electric utilities organized under the laws of Florida and are subject to the regulatory jurisdiction of the Commission pursuant to Section 366.04(2), F.S.
- 2. Clay Electric Cooperative's principal office is located in Keystone Heights, Florida. Duke Energy's principal offices are located in St. Petersburg, Florida.

- 3. For purposes of this Joint Petition, the contact information of the Joint Petitioners shall be that of their respective undersigned attorneys, and all pleadings, notices, and other communications in this matter should be served on the Joint Petitioners' undersigned attorneys.
- 4. To best avoid duplication of services and wasteful expenditures as well as to best protect the public health and safety from potentially hazardous conditions, the Joint Petitioners have negotiated the proposed Agreement delineating their respective service boundaries in Alachua, Marion, Columbia, Levy, and Volusia Counties. The Agreement is attached hereto as Attachment A along with accompanying maps and written descriptions delineating the territorial boundaries to which the Parties have The territorial boundaries have been modified in each county that is a part agreed. of this proposed Agreement. The modified territorial boundaries are depicted in the Territorial Boundary maps attached in Exhibit A and a written description of the territorial boundaries are included in Exhibit D as required pursuant to Rule 25-6.0440(1)(a), This proposed Agreement has been negotiated for a term of 20 years and shall F.A.C. remain in effect thereinafter unless either Party provides written notice of Termination at least 12 months prior to the termination of the agreement.
- 5. The Joint Petitioners expect that all transfers of Extra-Territorial Customers will be completed within 36 months of the Effective Date and will notify the Commission in writing if circumstances require additional time.

- 6. In this Agreement, 441 customers are being transferred from CEC to Duke Energy (52 commercial and 389 residential) and 84 customers are being transferred from Duke Energy to CEC (16 commercial and 68 residential). Prior to the filing of this Joint Petition, in accordance with Rule 25-6.0440(1)(d), F.A.C., the affected customers subject to transfer have been sent written notification of this proposed Agreement. Sample copies of the letters providing such notification are attached as Exhibit E. As of the time of filing, no negative responses to the notification letters have been received. A summary of the responses ultimately received, if any, will be provided to the Commission by a supplemental filing.
- 7. The Commission has long recognized that properly constructed territorial agreements between adjacent utilities are in the public interest. The Agreement will avoid duplication of services and wasteful expenditures, as well as protect the public health and safety from potentially hazardous conditions. For these reasons, the Joint Petitioners believe and, therefore, represent that the Commission's approval of the Agreement is in the public interest.

WHEREFORE, CEC and Duke Energy respectfully request that the Commission grant this Joint Petition and approve the Agreement.

Respectfully submitted,

Dianne M. Triplett, Associate General Counsel

Attorney for CLAY ELECTRIC COOPERATIVE, INC.

ATTACHMENT A

Territorial Agreement

Clay Electric Cooperative, Inc.

and

Duke Energy Florida, LLC

Alachua, Columbia, Levy, Marion and Volusia Counties

TERRITORIAL AGREEMENT

Section 0.1: CLAY ELECTRIC COOPERATIVE, INC. ("CEC"), and Duke Energy Florida, LLC d/b/a Duke Energy ("Duke Energy") (collectively, the "Parties" and individually, a "Party") enter into this Territorial Agreement (the "Agreement") on this ______ day of November, 2015.

WITNESSETH:

<u>Section 0.2</u>: WHEREAS, CEC is authorized by Chapter 425, Florida Statutes, to furnish retail electric service to its members and customers, and pursuant to such authority, presently furnishes electric service to members and customers in areas of Alachua, Columbia, Levy, Marion and Volusia Counties; and

Section 0.3: WHEREAS, Duke Energy is authorized by Chapter 366, Florida Statutes, to furnish retail electric service to customers throughout the State of Florida, and pursuant to such authority, presently furnishes electric service to customers in areas of Alachua, Columbia, Levy, Marion, and Volusia Counties; and

Section 0.4: WHEREAS, CEC and Duke Energy are Parties to territorial agreements delineating their respective service territories in Alachua, Columbia, Levy, Marion, and Volusia Counties, which were approved by the Florida Public Service Commission (the Commission). The territorial agreements include: Alachua County, which was approved by Commission Order No. 24312, issued April 2, 1991 in Docket No. 900064-EU; Columbia, Levy, and Marion Counties, which were approved by Commission Order No. 95-1434, issued November 27, 1995 in Docket No. 950851-EU (the "Existing Agreements"); and Volusia County, which was approved

by Commission Order No. 13023, issued February 23, 1984 in Docket No. 840022-EU (the "Expired Agreement"); and

Section 0.5: WHEREAS, the Parties desire to consolidate the territorial agreements for Alachua, Columbia, Levy, Marion, and Volusia counties into one Agreement to better serve their interests and the interests of their customers in realizing the planning, operational, and customer service benefits provided to their respective electric systems by a properly constructed, approved, and supervised territorial agreement; and

Section 0.6: WHEREAS, the respective retail service areas of the Parties are contiguous, with the result that, absent the establishment of a territorial agreement defining the Parties' respective service territories, duplication of service facilities would be likely to occur; and

<u>Section 0.7:</u> WHEREAS, the Commission has previously recognized that duplication of service facilities results in needless and wasteful expenditures and may create hazardous situations, both being detrimental to the public interest; and

<u>Section 0.8</u>: WHEREAS, the Parties hereto desire to continue to avoid and eliminate circumstances which may create wasteful expenditures and hazardous situations by consolidating the territorial boundary lines between their respective retail service territories in Alachua, Columbia, Levy, Marion and Volusia Counties; and

Section 0.9: WHEREAS, the Commission is empowered by the Florida legislature, pursuant to Section 366.04(2)(d), Florida Statutes, to approve territorial agreements and the Commission, as a matter of long-standing regulatory policy, has encouraged retail territorial agreements between electric utilities subject to its jurisdiction based on its

findings that such agreements, when properly established and administered by the Parties and actively supervised by the Commission, avoid uneconomic duplication of facilities, promote safe and efficient operations by utilities in rendering electric service provided to their customers, and therefore serve the public interest.

NOW, THEREFORE, in consideration of the mutual covenants and agreements herein contained, which shall be construed as being interdependent, the Parties hereby agree to consolidate and supersede the Existing Agreements and Expired Agreement as follows:

ARTICLE I

DEFINITIONS

Section 1.1: Territorial Boundary Line(s). As used herein, the term "Territorial Boundary Line(s)" shall mean the boundary line(s) depicted on the maps attached hereto as Exhibit A which delineate and differentiate the Parties' respective Territorial Areas in Alachua, Columbia, Levy, Marion, and Volusia Counties. Additionally, as required pursuant to Rule 25-6.0440(1)(a), F.A.C., a written description of the territorial areas served is attached as Exhibit D. In cases where Exhibit A and Exhibit D conflict, Exhibit A will be the deciding exhibit.

Section 1.2: CEC Territorial Area. As used herein, the term "CEC Territorial Area" shall mean the geographic areas in Alachua, Marion, Columbia, Levy, and Volusia Counties allocated to CEC as its retail service territory and labeled as "Clay Electric Coop TA" on the maps contained in Exhibit A.

Section 1.3: <u>Duke Energy Territorial Area.</u> As used herein, the term "Duke Energy Territorial Area" shall mean the geographic area in Alachua, Marion, Columbia, Levy, and Volusia Counties allocated to Duke Energy as its retail service territory and labeled as "Duke Energy TA" on the maps contained in Exhibit A.

Section 1.4: Point of Use. As used herein, the term "Point of Use" shall mean the location within the Territorial Area of a Party where a customer's end-use facilities consume electricity, wherein such Party shall be entitled to provide retail electric service under this Agreement, irrespective of where the customer's point of delivery or metering is located.

Section 1.5: New Customers. As used herein, the term "New Customers" shall mean all customers applying for retail electric service after the Effective Date of this Agreement at a Point of Use in the Territorial Area of either Party.

Section 1.6: Extra-Territorial Customers. As used herein, the term "Extra-Territorial Customers" shall mean: (a) those customers served by either Party on the Effective Date of the Existing Agreement who are located within the Territorial Area of the other Party established by such Existing Agreement, and (b) those customers, other than Temporary Service Customers, served by either Party on the Effective Date of this Agreement who are located within the Territorial Area of the other Party due to modifications of the Territorial Boundary Lines established herein.

Section 1.7: <u>Temporary Service Customers</u>. As used herein, the term "Temporary Service Customers" shall mean customers who are being temporarily served under the temporary service provisions of the Existing Agreement.

<u>Section 1.8:</u> <u>Commission</u>. As used herein, the term "Commission" shall mean the Florida Public Service Commission.

Section 1.9: Effective Date. As used herein, the term "Effective Date" shall mean the date on which the final Order of the Commission granting approval of this Agreement in its entirety becomes no longer subject to judicial review.

ARTICLE II

RETAIL ELECTRIC SERVICE

Section 2.1: In General. Except as otherwise specifically provided herein, CEC shall have the exclusive authority to furnish retail electric service within the CEC Territorial Area and Duke Energy shall have the exclusive authority to furnish retail electric service in the Duke Energy Territorial Area. The Territorial Boundary Line shall not be altered or affected by any change that may occur in the corporate limits of any municipality or county through annexation or otherwise unless such change is agreed to in writing by the Parties and approved by the Commission.

Section 2.2: Service to New Customers. The Parties agree that neither of them will knowingly serve nor attempt to serve any New Customer whose Point of Use is located within the Territorial Area of the other Party, except as specifically provided in Sections 2.3 and 4.4 below.

<u>Section 2.3</u>: <u>Temporary Service</u>. The Parties recognize that in exceptional circumstances, economic constraints or good engineering practices may indicate that a New Customer's Point of Use either cannot or should not be immediately served by the Party

in whose Territorial Area such Point of Use is located. In such instances, upon written request by the Party in whose Territorial Area the New Customer's Point of Use is located, the other Party may, in its sole discretion, agree in writing, to temporarily provide service to such New Customer. Prior to the commencement of temporary service, the Party providing such service shall inform the New Customer of the temporary nature of its service and that the other Party will ultimately serve the New Customer. Any such agreement for temporary service which lasts, or is anticipated to last, for more than one year shall be submitted to the Commission for approval in accordance with Section 5.1 hereof. Such temporary service shall be discontinued upon written notice from the requesting Party of its intent to provide service, which the Parties shall coordinate to minimize any inconvenience to the customer. In conjunction with such discontinuance, the Party providing temporary service hereunder shall be compensated by the requesting Party in accordance with Section 3.5 for its distribution facilities used exclusively to provide such service, which the other Party may elect to acquire, but the other Party shall not be entitled to compensation for any loss of revenues for the period during which such temporary service is provided.

Section 2.4: Referral of Service Request. In the event that a prospective New Customer requests or applies for service from either Party to be provided to a Point of Use located in the Territorial Area of the other Party, the Party receiving the request or application shall advise the prospective New Customer that such service is not permitted under this Agreement and shall refer the prospective New Customer to the other Party.

Section 2.5: Correction of Inadvertent Service Errors. If any situation is discovered during the term of this Agreement in which either Party is inadvertently providing retail electric service to a customer's Point of Use located within the Territorial Area of the other Party, service to such customer by the other Party will be established at the earliest practical time, but in any event within 12 months of the date the inadvertent service error was discovered. Until service by the other Party can be reasonably established, the inadvertent service will be deemed to be temporary service provided and governed in accordance with Section 2.3 above.

ARTICLE III

TRANSFER OF CUSTOMERS AND FACILITIES

Section 3.1: In General. It is the intent of the Parties that all customers of either Party shall be served by the Party in whose Territorial Area they are located at the earliest practicable time. Accordingly, no later than thirty six (36) months after the Effective Date, all customers located in the CEC Territorial Area who are served by Duke Energy on the Effective Date shall be served by CEC, and all customers located in the Duke Energy Territorial Area who are served by CEC on the Effective Date shall be served by Duke Energy. The customers who currently are not served by the Party in whose Territorial Area they are located consist of: (a) all Extra-Territorial Customers, for whom the Parties will seek approval to transfer in conjunction with the approval of this Agreement by the Commission, and (b) all Temporary Service Customers, for whom Commission approval is not required to terminate temporary service and establish service by

the Party in whose Territorial Area the Temporary Service Customers are located.

In accordance with Rule 25-6.0440(1)(d), F.A.C., the affected customers subject to transfer have been sent written notification of this proposed Agreement and the transfer provisions described above. Sample copies of the letters providing such notification are attached as Exhibit E.

In the event that circumstances arise during the term of this Agreement in which the Parties agree that, based on sound economic considerations or good engineering practices, an area located in the Territorial Area of one Party would be better served if reallocated to the service territory of the other Party, the Parties shall jointly petition the Commission for approval of a modification of the Territorial Boundary line that places the area in question (the "Reallocated Area") within the Territorial Area of the other Party and transfer of the customers located in the Reallocated Area to the other Party.

Section 3.2: Transfer of Extra-Territorial Customers. The Extra-Territorial Customers currently served by CEC and subject to transfer to Duke Energy pursuant to this Agreement are listed by account number or other identifying factor, and by the service address in Exhibit B hereto. The Extra-Territorial Customers currently served by Duke Energy and subject to transfer to CEC pursuant to this Agreement are listed by account number or other identifying factor and by the service address in Exhibit C hereto.

Section 3.3: Transfer of Related Service Facilities. In conjunction with the transfer of Extra-Territorial Customers pursuant to Sections 3.1 and 3.2 above, the receiving Party may elect to purchase the electric distribution facilities of the transferring Party used

exclusively for providing electric service to the transferred customers for an amount to be determined in accordance with Section 3.5 below.

Section 3.4: Compensation for Transferred Customers. This Section 3.4 only applies to those customers served by either Party on the Effective Date of this Agreement who are located within the Service Territory of the other Party due to modifications of the Territorial Boundary Lines established herein. This Section 3.4 does not apply to Temporary Service Customers.

For customers to which this Section 3.4 is applicable, the receiving Party shall pay to the transferring Party, known as Going Concern, for each active customer account transferred, an amount equal to: (a) the transferring Party's total revenues from the sale of electric service (including the customer, fuel and demand charges but excluding taxes and fees) to such account during the most recent twelve (12) complete billing months available at the time of transfer, or (b) if service was provided for less than twelve (12) complete billing months, the average monthly amount of such revenues multiplied by twelve (12). In addition, the same compensation methodology shall be followed for the total revenues (including pole rental and fixture maintenance charges) of each transferred street or security lighting account.

Section 3.5: Compensation for Transferred Facilities. The receiving Party shall compensate the transferring Party for the electric distribution facilities described in Section 3.3 above in an amount based upon the replacement cost (new), less depreciation calculated on a straight line basis over the life of the asset (facility) as determined from the transferring Party's books and records. The replacement cost shall be determined

by applying a cost calculator such as the Handy Whitman index or a common engineering cost estimation methodology to the original cost, as long as both Parties apply the same estimation method.

Section 3.6: Transfer Segment Closings. The Parties shall mutually agree on a closing date for each transfer segment, allowing sufficient time for the Parties to identify the customers and facilities to be transferred; to determine the compensation for transferred customers and facilities; and to prepare the appropriate closing statements, assignments, and other instruments to transfer and convey the transferring Party's interest in the electric distribution facilities to the receiving Party pursuant to Section 3.3 above. At the closing, the receiving Party shall pay the transferring Party the compensation due it, and the transferring Party shall execute and deliver to the receiving Party the assignments and other instruments referred to above.

ARTICLE IV

OPERATION AND MAINTENANCE

Section 4.1: Facilities to Remain. Other than as expressly provided for herein, no generating plant, transmission line, substation, distribution line, or related equipment shall be subject to transfer or removal hereunder; provided, however, that each Party shall operate and maintain its lines and facilities in a manner that minimizes any interference with the operations of the other Party. To facilitate this objective, in the event either Party intends to construct, locate, or relocate its distribution facilities in or directly adjacent to the Territorial Area of the other Party, such Party shall notify

the other Party in writing at least fourteen (14) days prior to commencement of such intended action.

Section 4.2: CEC Facilities to be Served. Nothing herein shall be construed to prevent or in any way inhibit the right and authority of CEC to serve any CEC facility located in the Duke Energy Territorial Area which is used exclusively in connection with CEC business as an electric utility; provided, however, that CEC shall construct, operate, and maintain said lines and facilities in such manner as to minimize any interference with the operation of Duke Energy in the Duke Energy Territorial Area, including notice to Duke Energy pursuant to Section 4.1.

Section 4.3: Duke Energy Facilities to be Served. Nothing herein shall be construed to prevent or in any way inhibit the right and authority of Duke Energy to serve any Duke Energy facility located in the CEC Territorial Area which is used exclusively in connection with Duke Energy business as an electric utility; provided, however, that Duke Energy shall construct, operate, and maintain said lines and facilities in such manner as to minimize any interference with the operation of CEC in the CEC Territorial Area, including notice to CEC pursuant to Section 4.1.

Section 4.4: Retail Service at Facility Sites. Where either Party serves any of its facilities located in the Territorial Area of the other Party pursuant to Sections 4.2 or 4.3 above, such Party may provide limited retail service on the site of the facility to prevent potential safety hazards or unsound operating conditions that would result from the construction and maintenance of lines and related facilities by the other Party to provide retail service at the site. As used in this section, limited retail service

shall mean no more than three separate retail accounts with a combined load of 25 kW or less at any such site.

ARTICLE V

PREREQUISITE APPROVAL

Section 5.1: Commission Approval. The Parties and the provisions and performance of this Agreement are subject to the regulatory authority of the Commission, and appropriate approval by the Commission of the provisions of this Agreement shall be a condition precedent to the validity, enforceability, and applicability hereof. This Agreement shall have no effect whatsoever until Commission approval has been obtained. Any proposed modification to this Agreement, whether proposed jointly or by either Party, shall be submitted to the Commission for consideration and approval prior to becoming effective. In addition, either Party may petition the Commission to resolve any dispute concerning the provisions of this Agreement or the Parties' performance hereunder.

Section 5.2: <u>Liability in the Event of Disapproval</u>. In the event approval of the Commission pursuant to Section 5.1 is not obtained, neither Party will have any claim against the other arising under this Agreement.

Section 5.3: Supersedes Prior Agreements. Upon approval by the Commission, this Agreement shall be deemed to specifically supersede any and all prior agreements between the Parties regarding their respective retail service areas in Alachua, Columbia, Levy, Marion and Volusia Counties.

ARTICLE VI

DURATION

Section 6.1: Term. This Agreement shall continue and remain in effect for a period of no less than twenty (20) years from the Effective Date. After expiration of the twenty (20) year term provided herein, this Agreement shall remain in effect thereinafter unless either Party provides written notice of Termination at least 12 months prior to the termination of the agreement as contemplated by Section 8.3.

ARTICLE VII

CONSTRUCTION OF AGREEMENT

Section 7.1: Other Electric Utilities. Nothing in this Agreement shall restrict or affect in any manner the right of either Party to establish its retail service area with respect to any other electric utility. The Parties understand that CEC or Duke Energy may, from time to time and subject to Commission approval, enter into territorial agreements with other electric utilities that have adjacent or overlapping service areas and that, in such event, nothing herein shall be construed to prevent CEC or Duke Energy from designating any portion of its Territorial Area under this Agreement as the retail service area of such other electric utility.

Section 7.2: <u>Bulk Power for Resale</u>. Nothing herein shall be construed to prevent either Party from providing a bulk power supply for resale purposes, regardless of where the purchaser for resale may be located. Further, no other section or provision of this Agreement shall be construed as applying to a bulk power supply for resale purposes.

Section 7.3: Intent and Interpretation. It is hereby declared to be the purpose and intent of the Parties that this Agreement shall be interpreted and construed, among other things, to further this State's policy of actively regulating and supervising the service territories of electric utilities; supervising the planning, development, and maintenance of a coordinated electric power grid throughout Florida; avoiding uneconomic duplication of generation, transmission, and distribution facilities; and encouraging the installation and maintenance of facilities necessary to fulfill the Parties' respective obligations to serve.

ARTICLE VIII

MISCELLANEOUS

Section 8.1: Negotiations. Whatever terms or conditions may have been discussed during the negotiations leading up to the execution of this Agreement, the only terms and conditions agreed upon are those set forth herein, and no alteration, modification, enlargement, or supplement to this Agreement shall be binding upon either of the Parties unless agreed to in writing by both Parties and approved by the Commission.

Section 8.2: Successors and Assigns. Nothing in this Agreement expressed or implied is intended or shall be construed to confer upon or give to any person or corporation, other than the Parties, any right, remedy, or claim under or by reason of this Agreement or any provision or conditions hereof; and all of the provisions, representations, covenants and conditions herein contained shall inure to the sole benefit of and

shall be binding only upon the Parties and their respective representatives, successors, and assigns.

Section 8.3: Notices. Notices and other written communications contemplated by this Agreement shall be deemed to have been given if sent by certified mail, postage prepaid, by prepaid private courier, or by confirmed facsimile transmittal, as follows:

WRITTEN DESCRIPTIONS OF THE TERRITORIAL AREAS SERVED IN ALACHUA, MARION, COLUMBIA, LEVY AND VOLUSIA COUNTIES

Agreement Page #	Map Page	Township/Range	Section(s)	Description/Notes
67	1b	T12S, R22E	1, 2, 3	The entire section is served by Clay Electric. No areas are served by Duke Energy.
66	1a	T12S, R22E	4, 5, 6, 7, 8	The entire section is served by Clay Electric. No areas are served by Duke Energy.
66	1a	T12S, R22E	9	The entire section is served by Duke Energy. No areas are served by Clay Electric.
67	1b	T12S, R22E	10	The entire section is served by Duke Energy. No areas are served by Clay Electric.
67	1b	T12S, R22E	11	Clay Electric serves all areas of the section except for the southwestern corner. The southwest corner of this section intersecting at SE 219 th Avenue and SE 225 th Drive is served by Duke Energy.
67	1b	T12S, R22E	12, 13	The entire section is served by Clay Electric. No areas are served by Duke Energy.
67	1b	T12S, R22E	14	Clay Electric serves the eastern half of the section, intersecting Orange Lake. Duke Energy serves the western half of the section, intersecting Orange Lake.
67	1b	T12S, R22E	15	The entire section is served by Duke Energy. No areas are served by Clay Electric. Parts of the section are Orange Lake.
66	1a	T12S, R22E	16	The entire section is served by Duke Energy. No areas are served by Clay Electric. Parts of the section are Orange Lake.
66	1a	T12S, R22E	17, 18	The entire section is served by Clay Electric. No areas served by Duke Energy. Parts of the section are Orange Lake.
68	1c	T12S, R22E	19, 20, 21	Part of this section are in Orange Lake. The remainder are in Marion County.
69	1d	T12S, R22E	22	Duke Energy serves the northeast corner of the section. The remainder of the section is Orange Lake. No areas are served by Clay Electric.
69	1d	T12S, R22E	23	Duke Energy serves the northwest corner of this section. Clay Electric serves the northeast corner of this section. The remainder of the section is Marion county.
69	1d	T12S, R22E	24	The entire section that is Alachua county is served by Clay Electric. No areas are served by Duke Energy.

69	1d	T12S, R22E	25, 26, 27	These sections are in Marion county.
68	1c	T12S, R22E	28, 29, 30, 31, 32, 33	These sections are in Marion county.
69	1d	T12S, R22E	34, 35, 36	These sections are in Marion county.
49	2b	T11S, R17E	1, 2, 3	This section is Not Part of This Agreement.
48	2a	T11S, R17E	4, 5, 6, 7, 8, 9	This section is Not Part of This Agreement.
49	2b	T11S, R17E	10, 11, 12	This section is Not Part of This Agreement.
49	2b	T11S, R17E	13, 14, 15	These sections are in Levy county.
48	2a	T11S, R17E	16, 17, 18	This section is Not Part of This Agreement.
Not Shown	Not Shown	T11S, R17E	19-36	These sections are not shown as these sections are part of Levy county.
51	3b	T11S, R18E	1, 2, 3	The entire section is served by Clay Electric. No areas are served by Duke Energy.
50	3a	T11S, R18E	4	The entire section is served by Clay Electric. No areas are served by Duke Energy.
50	3a	T11S, R18E	5	Duke Energy serves the northeast corner of the section from SR 45 on the southwest to SW 95 th Avenue on the north to SW 170 th Street on the east. Clay Electric serves the southwestern portion of the section, ending at the SR-45 intersection.
50	3a	T11S, R18E	6	The entire section is served by Clay Electric. No are areas are served by Duke Energy.
50	3a	T11S, R18E	7	The entire section is served by Duke Energy. No areas are served by Clay Electric.
50	3a	T11S, R18E	8	Clay Electric serves the north/northeast section between the railroad line on the west side and SR-45 on the east side. Duke Energy serves the southwest section intersected by the railroad and then east of the railroad at the half section line. Duke also serves east of SR 45, in the NE part of the section.
50	3a	T11S, R18E	9	Clay Electric serves the majority of the section from SW 111 th Avenue on the north to the intersection of US-27 and SR-24 on the south and select parcels south and adjacent to SR-24/SW Archer Road. Clay also serves the northeast corner for the section north of US 27. Duke Energy serves the southwestern section

				from SW 170 th Street on the west side of US 27 and two parcels between SR24/SW Archer Road and SW Archer Lane and the large parcel in the southeast corner south of SW Archer Lane.
51	3b	T11S, R18E	10, 11, 12, 13, 14, 15	The entire section is served by Clay Electric. No areas are served by Duke Energy.
50	3a	T11S, R18E	16	The entire section is served by Duke Energy except for two parcels served by Clay Electric in the northeast corner.
50	3a	T11S, R18E	17, 18	The entire section is served by Duke Energy. No areas are served by Clay Electric.
58	3c	T11S, R18E	19	The entire section is served by Duke Energy. No areas are served by Clay Electric.
58	3c	T11S, R18E	20	The entire section is served by Clay Electric. No areas are served by Duke Energy.
58	3c	T11S, R18E	21	Duke Energy serves the northern portion along SW 143 rd Avenue on the northern section line and including select parcels west of US-27/SR-45 as well as parcels east of US-27/SR-45 in the southeastern portion of the section. Clay Electric serves from SW 170 th Street on the west to US-27/SR-45 with the exception of two parcels adjacent to SW 158 th Street north and south of US-27/SR-45. Clay Electric also serves the east quarter of the section with the exception of two parcels along US 27.
59	3d	T11S, R18E	22	Clay Electric serves the majority of parcels in this section with the exception of select parcels along the southern section line south of the railroad line. This area is intersected by US-27/SR-45. Duke Energy serves parcels in the southwest portion adjacent to SW 159 th Avenue on the south to the railroad line. This is an irregular section.
59	3d	T11S, R18E	23, 24, 25, 26	The entire section is served by Clay Electric. No areas are served by Duke Energy.
59	3d	T11S, R18E	27	The entire section is served by Duke Energy except for the area north of the railroad line which is served by Clay Electric. This is an irregular section.
58	3c	T11S, R18E	28, 29	The entire section is served by Clay Electric. No areas are served by Duke Energy.
58	3c	T11S, R18E	30, 31, 32	This section is Not Part of This Agreement.
58	3c	T11S, R18E	33	The entire section is served by Clay Electric. No areas are served by Duke Energy.

59	3d	T11S, R18E	34	Clay Electric serves the majority of the section from the northern section line to SW 191 st Avenue on the section southern line which is Levy County, and to the Levy County border line on the east. Duke Energy serves the eastern portion of the section both north and south of SW 175 th Avenue. This is an irregular section.
59	3d	T11S, R18E	35	Clay Electric serves the eastern side of the section from the railroad line on the west to the section line on the east. Duke Energy serves the western side of the section to the railroad line.
59	3d	T11S, R18E	36	The entire section is served by Clay Electric. No areas are served by Duke Energy.
53	4b	T11S, R19E	1, 2, 3	The entire section is served by Clay Electric. No areas are served by Duke Energy.
52	4a	T11S, R19E	4, 5, 6, 7, 8, 9	The entire section is served by Clay Electric. No areas are served by Duke Energy.
53	4b	T11S, R19E	10, 11, 12, 13, 14, 15	The entire section is served by Clay Electric. No areas are served by Duke Energy.
52	4a	T11S, R19E	16, 17, 18	The entire section is served by Clay Electric. No areas are served by Duke Energy.
60	4c	T11S, R19E	19, 20, 21	The entire section is served by Clay Electric. No areas are served by Duke Energy.
61	4d	T11S, R19E	22	The entire section is served by Clay Electric. No areas are served by Duke Energy.
61	4d	T11S, R19E	23	This is Levy Lake.
61	4d	T11S, R19E	24, 25, 26, 27	The entire section is served by Clay Electric. No areas are served by Duke Energy.
60	4c	T11S, R19E	28, 29, 30, 31, 32, 33	The entire section is served by Clay Electric. No areas are served by Duke Energy.
61	4d	T11S, R19E	34, 35, 36	The entire section is served by Clay Electric. No areas are served by Duke Energy.
Not Shown	Not Shown	T11S, R20E	1, 2, 3, 4,5	This township and range has an irregular area of sections. Clay Electric serves east and west of CR 234 SE and includes portions of the Oak Ridge Cemetery area. Duke Energy serves the Paynes Prairie area.
54	5a	T11S, R20E	6	Clay Electric serves the majority of the section, south and west of I-75 in the Paynes Prairie area. Duke Energy serves the northeast corner of the section, east of Interstate 75.

Alachua County – Written Description of the Territorial Boundary Lines

	1		
Not Shown	T11S, R20E	7	The entire section is served by Clay Electric. No areas are served by Duke Energy.
Not Shown	T11S, R20E	8	Clay Electric serves the southwestern corner of the section, south and east of I-75. Duke Energy serves the northeast corner of the section, east of Interstate 75 and north and south of US 441.
Not Shown	T11S, R20E	9	The entire section is served by Duke Energy. No areas are served by Clay Electric.
Not Shown	T11S, R20E	10	The entire section is served by Duke Energy. No areas are served by Clay Electric.
Not Shown	T11S, R20E	11	Duke Energy serves western portion of the section, intersecting Chacala Pond on the west side and down south to the east side of Savannah Blvd. Clay Electric serves the eastern portion of the section, intersecting Chacala Pond on the east side.
Not Shown	T11S, R20E	12, 13	The entire section is served by Clay Electric, including serving east and west of CR 234 SE. No areas are served by Duke Energy.
Not Shown	T11S, R20E	14	Duke Energy serves western portion of the section, intersecting Sawgrass Pond on the east side. Clay Electric serves the eastern portion of the section, including serving east and west of CR 234 SE.
Not Shown	T11S, R20E	15	The entire section is served by Duke Energy. No areas are served by Clay Electric.
Not Shown	T11S, R20E	16	Clay Electric serves the southwestern portion of the section, south of I-75 and north and south of SE Wacahoota Road. Duke Energy serves the northeastern portion of the section, north of I-75, and north and south of US 441 and encompasses Georges Pond.
Not Shown	T11S, R20E	17	Clay Electric serves the majority of the section, south of I-75 and north and south of SE Wacahoota Road. Duke Energy serves the northeastern portion of the section, north of I-75.
5a	T11S, R20E	18	The entire section is served by Clay Electric. No areas are served by Duke Energy. This is an irregular section. Parts of this section are Levy Lake.
5c	T11S, R20E	19, 20	The entire section is served by Clay Electric. No areas are served by Duke Energy. This is an irregular section. Parts of this section are Levy Lake.
5c	T11S, R20E	21	The entire section is served by Clay Electric except for the area in the northeast corner, east of Interstate 75 which is served by Duke Energy. This is an irregular section.

63	5d	T11S, R20E	22	The entire section is served by Duke Energy, including areas north and south of US 441, except for the area southwest of Interstate 75. Clay Electric serves the southwest corner of the section, west of Interstate 75. This is an irregular section.
63	5d	T11S, R20E	23, 24	The entire section is served by Clay Electric. No areas are served by Duke Energy.
63	5d	T11S, R20E	25	The entire section is served by Duke Energy except for the parcels on the northeast side of the section. Clay Electric serves the northeast portion north of the old railroad line on the south and bordering Hog Pond on the north to the section line on the east.
63	5d	T11S, R20E	26	The entire section is served by Duke Energy. No areas are served by Clay Electric.
63	5d	T11S, R20E	27	Duke Energy serves the eastern portion of the section east of Interstate 75 and including SE CR234. Clay Electric serves the western portion of the section, west of Interstate 75.
62	5c	T11S, R20E	28, 29, 30, 31, 32, 33	The entire section is served by Clay Electric. No areas are served by Duke Energy. Parts of these sections include Levy Lake and Ledwith Lake.
63	5d	T11S, R20E	34	Clay Electric serves the majority of the section, including all areas west of Interstate 75. Duke Energy serves the northeastern portion of the section east of Interstate 75 and the area east of SE CR 234.
63	5d	T11S, R20E	35	The entire section is served by Duke Energy except for the parcel south of Interstate 75 in the southwest corner, which is served by Clay Electric. This section is adjacent to Tuscawilla Lake.
Not Shown	Not Shown	T11S, R20E	36	The entire section is served by Duke Energy. No areas are served by Clay Electric. This section is adjacent to Tuscawilla Lake.
57	6b	T11S, R21E	1, 2, 3	The entire section is served by Clay Electric. No areas are served by Duke Energy.
56	6a	T11S, R21E	4	The entire section is served by Clay Electric. No areas are served by Duke Energy.
Not Shown	Not Shown	T11S, R21E	5, 6, 7, 8	The entire section is served by Clay Electric. No areas are served by Duke Energy.
56	6a	T11S, R21E	9	The entire section is served by Clay Electric. No areas are served by Duke Energy.
57	6b	T11S, R21E	10, 11, 12, 13, 14, 15	The entire section is served by Clay Electric. No areas are served by Duke Energy.

Not Shown	Not			
	Shown	T11S, R21E	17, 18	The entire section is served by Clay Electric. No areas are served by Duke Energy.
64	6c	T11S, R21E	19, 20, 21	The entire section is served by Clay Electric. No areas are served by Duke Energy.
65	6d	T11S, R21E	22, 23, 24, 25, 26, 27	The entire section is served by Clay Electric. No areas are served by Duke Energy.
64	6c	T11S, R21E	28	This section is Orange Lake.
64	6c	T11S, R21E	29	The entire section is served by Clay Electric. No areas are served by Duke Energy.
64	6c	T11S, R21E	30	Clay Electric serves the majority of the section, from the northern section line to the southern quarter section, including the western part of Fish Prairie Lake. Duke Energy serves the southern portion adjacent to SE 169 th Avenue including the southwestern portion of Fish Prairie Lake.
64	6c	T11S, R21E	31, 32, 33	The entire section is served by Duke Energy with the exception of the portion that is Orange Lake. No areas are served by Clay Electric.
65	6d	T11S, R21E	34, 35, 36	The entire section is served by Clay Electric. No areas are served by Duke Energy. Part of sections 34 and 35 are Orange Lake.
37	7b	T8S, R17E	1, 2, 3	The entire section is served by Duke Energy. No areas are served by Clay Electric.
36	7a	T8S, R17E	4	Clay Electric serves the majority of the section including areas north and south of NW 182 nd Avenue, except for the northeast side of the section. Duke Energy serves the east half of the northeast quarter and the northeast quarter of the southeast quarter of the section.
36	7a	T8S, R17E	5	Clay Electric serves the entire section except for three parcels south of the Santa Fe River in the northwestern portion which are served by Duke Energy.
36	7a	T8S, R17E	6, 7, 8, 9	The entire section is served by Clay Electric. No areas are served by Duke Energy.
37	7b	T8S, R17E	10	The entire section is served by Duke Energy except for select parcels both east and west of the railroad line on the western section line, and two parcels east of US 27/US41, which are served by Clay Electric.
37	7b	T8S, R17E	11	The entire section is served by Duke Energy. No areas are served by Clay Electric.

37	7b	T8S, R17E	12	Duke Energy serves the majority of the section. Clay Electric serves the eastern quarter of the section south of US 441.
37	7b	T8S, R17E	13, 14, 15	The entire section is served by Clay Electric. No areas are served by Duke Energy.
36	7a	T8S, R17E	16, 17, 18	The entire section is served by Clay Electric. No areas are served by Duke Energy.
42	7c	T8S, R17E	19, 20, 21	The entire section is served by Clay Electric. No areas are served by Duke Energy.
43	7d	T8S, R17E	22, 23, 24, 25, 26,27	The entire section is served by Clay Electric. No areas are served by Duke Energy.
42	7c	T8S, R17E	28, 29, 30, 31, 32, 33	The entire section is served by Clay Electric. No areas are served by Duke Energy.
43	7d	T8S, R17E	34, 35, 36	The entire section is served by Clay Electric. No areas are served by Duke Energy.
39	8b	T8S, R18E	1, 2, 3	The entire section is served by Clay Electric. No areas are served by Duke Energy.
38	8a	T8S, R18E	4, 5	The entire section is served by Clay Electric. No areas are served by Duke Energy.
38	8a	T8S, R18E	6	Duke Energy serves the entire section except for the parcels adjacent to NW 197 th Street and one additional parcel. Clay Electric serves select parcels in the northern portion adjacent to NW 190 th Avenue and NW 197 th Street and one parcel on the eastern section line at NW 188 th Street.
38	8a	T8S, R18E	7	Clay Electric serves the majority of the section including parcels north and south of US 441 and including the parcels adjacent to NW 194 th Terrace and NW 193 rd Terrace. Clay's territory is also intersected by the railroad line. Duke Energy serves the parcels along the northern section line, north of US 441 and select parcels north of NW 170 th Lane. Duke Energy also serves the southeast portion to the southern and eastern section lines, which is NW 188 th Street, intersected by the railroad line and on the south side of US 441.
38	8a	T8S, R18E	8	Clay Electric serves the northern portion of the section, in the area north of US 441. Duke Energy serves the southern portion to the section line on the south and select parcels north, south, and adjacent to US 441. Duke's territory is also intersected by the railroad line.
38	8a	T8S, R18E	9	Clay Electric serves the majority of the section including areas north of US 441. Duke Energy serves the southern portion to the southern section line and north to the south side of US 441 and north of the railroad line.

39	8b	T8S, R18E	10, 11, 12	The entire section that is part of this agreement is served by Clay Electric. No areas are served by Duke Energy. Section 15 is an irregular section.
39	8b	T8S, R18E	13, 14, 15	This section is Not Part of This Agreement.
38	8a	T8S, R18E	16	The entire section that is part of this agreement is served by Duke Energy. No areas are served by Clay Electric. This is an irregular section.
38	8a	T8S, R18E	17	Duke Energy serves the northern and northwestern portion of the section, intersected by the railroad line, and three parcels north of NW 150 th Lane. Clay Electric serves the parcels adjacent to NW 149 th Place on the north side, and the remainder of the section to the section line on the south.
38	8a	T8S, R18E	18	Clay Electric serves the majority of the section, including select parcels adjacent to NW 193rd Street and south to NW 142 nd Avenue. Duke Energy serves the northeastern corner of the section which includes parcels adjacent to NW 188 th Street South, NW 156 th Avenue and NW 151 st Avenue.
44	8c	T8S, R18E	19, 20	The entire section is served by Clay Electric. No areas are served by Duke Energy.
44	8c	T8S, R18E	21	Clay Electric serves the majority of the section, from the south side of NW 138 th Avenue to the southern section line. Duke Energy serves four parcels north of NW 138th Avenue to the northern section line. This is an irregular section, dissected by Section 37.
45	8d	T8S, R18E	22	The entire section that is part of this agreement is served by Duke Energy. No areas are served by Clay Electric. This is an irregular section.
45	8d	T8S, R18E	23	The entire section that is part of this agreement is served by Duke Energy. Duke Energy serves three parcels adjacent to the east side of NW 140th Street on the western side of the section. No areas are served by Clay Electric.
45	8d	T8S, R18E	24	The entire section that is part of this agreement is served by Duke Energy. No areas are served by Clay Electric. Parts of this section are Not Part of This Agreement.
45	8d	T8S, R18E	25, 26, 27	This section is Not Part of This Agreement.
45	8d	T8S, R18E	27	The entire section that is part of this agreement is served by Clay Electric. No areas are served by Duke Energy.

44	8c	T8S, R18E	28, 29, 30, 31, 32, 33	The entire section is served by Clay Electric. No areas are served by Duke Energy.
45	8d	T8S, R18E	34	The entire section is served by Clay Electric. No areas are served by Duke Energy.
45	8d	T8S, R18E	35	The entire section that is part of this agreement is served by Clay Electric. No areas are served by Duke Energy. Parts of this section are Not Part of This Agreement.
45	8d	T8S, R18E	36	This section is Not Part of This Agreement.
38 39 44 45	8a 8b 8c 8d	T8S, R18E	37	The entire section that is part of this agreement is served by Duke Energy. No areas are served by Clay Electric. Parts of this section are Not Part of This Agreement.
45	8d	T8S, R18E	38	The entire section that is part of this agreement is served by Clay Electric. No areas are served by Duke Energy. Parts of this section are Not Part of This Agreement.
45	8d	T8S, R18E	39, 40	This section is Not Part of This Agreement.
39	8b	T8S, R18E	41	The entire section is served by Clay Electric. No areas are served by Duke Energy.
41	9b	T8S, R19E	1	The entire section is served by Clay Electric with the exception of southwestern corner, north and south of NW 177th Avenue, which is served by Duke Energy.
41	9b	T8S, R19E	2, 3	The entire section is served by Duke Energy. No areas are served by Clay Electric.
40	9a	T8S, R19E	4, 5, 6	The entire section is served by Clay Electric. No areas are served by Duke Energy. Parts of parcels from section 3 are shown in section 4 due to slightly irregular section lines.
40	9a	T8S, R19E	7	Clay Electric serves the majority of the section except for the southeast portion. Duke Energy serves the southeast portion to the section line adjacent to NW 92 nd Terrace and NW 156 th Avenue, which is on the southern section line.
40	9a	T8S, R19E	8, 9	The entire section is served by Duke Energy. No areas are served by Clay Electric.
41	9b	T8S, R19E	10, 11	The entire section is served by Duke Energy. No areas are served by Clay Electric.
41	9b	T8S, R19E	12	Clay Electric serves the majority of the section except for select parcels on the western side. Duke Energy

				serves the west half of the northwest quarter and the northwest quarter of the southwest quarter.
41	9b	T8S, R19E	13	Clay Electric serves the majority of the section except for the southwest portion. Duke Energy serves the southwest portion to NW 142 nd Avenue on the south and an additional six parcels in the southwest quarter of the southeast quarter of the section.
41	9b	T8S, R19E	14, 15	The entire section is served by Duke Energy. No areas are served by Clay Electric.
40	9a	T8S, R19E	16	The entire section is served by Duke Energy. No areas are served by Clay Electric.
40	9a	T8S, R19E	17	Clay Electric serves the majority of the section except for the northern portion of the section and parcels adjacent to the western section line. Duke Energy serves the north quarter of the section from NW 156 th Avenue on the northern section line, and an additional six parcels south of NW 155th Place adjacent to NW 89 th Street in the northwest quarter of the section. Duke Energy also serves one parcel in the southeast quarter of the northeast quarter of the section.
40	9a	T8S, R19E	18	The entire section is served by Clay Electric except select parcels in the northeast corner. Duke Energy serves select parcels on the northeastern portion along NW 156 th Avenue along the northern section line, and adjacent to NW 93 rd Street and NW 155 Place.
46	9c	T8S, R19E	19	Clay Electric serves all parcels along the northern section line, north of the railroad line. Duke Energy serves south of the railroad line and select parcels adjacent to MW 104 th Terrace. This is an irregular section.
46	9c	T8S, R19E	20	Clay Electric serves the northern portion of the section, north of the railroad line to NW 142 nd Avenue along the northern section line. Duke Energy serves the southern portion of the section, south of the railroad line and two parcels north of the railroad line on the eastern section line. This is an irregular section.
46	9c	T8S, R19E	21	The entire section is served by Duke Energy except for the northwest corner along CR-237 and NW 142nd Avenue along the northern section line which is served by Clay Electric.
47	9d	T8S, R19E	22, 23	The entire section is served by Duke Energy. No areas are served by Clay Electric.
47	9d	T8S, R19E	24	Duke Energy serves the northern half of the section and select parcels on the southwest portion adjacent to SR 121 and the southwestern section line. Clay Electric serves the southeastern quarter of the section and select parcels adjacent to SR 121 on both the east and west sides of SR 121 along the southern section

Volusia County – Clay Electric Territorial Boundary Lines

183	8d	T15S, R28E	22	Clay Electric serves the northern portion of the section including parcels adjacent to Stone Road. Duke Energy serves the southern portion of the section including Ronda Lane.
183	8d	T15S, R28E	23	Clay Electric serves the northwestern side of the section including all areas along the northern section line. Duke Energy serves along the southern section line east to Jerico Road, continuing east to the southeastern corner except for the parcel adjacent to the western and southern section lines that is served by Clay Electric.
183	8d	T15S, R28E	24, 25, 26, 27	The entire section is served by Duke Energy. No areas are served by Clay Electric.
182	8c	T15S, R28E	28	Duke Energy served the majority of the section except for three parcels in the northwest quarter, between Emporia Road and SR-40 which are served by Clay Electric.
182	8c	T15S, R28E	29	Duke Energy served the majority of the section with the exception of the parcels along the northern section line along Dillard Road in the northwestern corner that are served by Clay Electric.
182	8c	T15S, R28E	30	Duke Energy serves the entire section except for the parcels being served from Clay's underground facilities which are the parcels adjacent to Yellow Brick Road and also the three large parcels in the northwest section which are served by Clay Electric. The boundary is from the south side of the parcels on Yellow Brick Road to the middle of the St. John's canal. This is an irregular section.
Not Shown	Not Shown	T15S, R28E	31	This section is not shown and is Not Part of This Agreement
182	8c	T15S, R28E	32, 33	The entire section is served by Duke Energy. No areas are served by Clay Electric.
183	8d	T15S, R28E	34, 35, 36	The entire section is served by Duke Energy. No areas are served by Clay Electric.
182	8c	T15S, R28E	37	This section is Not Part of This Agreement. This is Lake County.
177	9b	T15S, R29E	1, 2, 3	The entire section is served by Clay Electric. No areas are served by Duke Energy.
176	9a	T15S, R29E	4, 5	The entire section is served by Clay Electric. No areas are served by Duke Energy.
176	9a	T15S, R29E	6, 7	The entire section is served by Duke Energy. No areas are served by Clay Electric.
176	9a	T15S, R29E	8	Duke Energy serves the majority of the section except for the southeastern side. Clay Electric serves the southeastern portion of the section.

176	9a	T15S, R29E	9	The entire section is served by Clay Electric. No areas are served by Duke Energy.
177	9b	T15S, R29E	10, 11, 12, 13, 14, 15	The entire section is served by Clay Electric. No areas are served by Duke Energy.
176	9a	T15S, R29E	16	Clay Electric serves all areas north of SR 40 to the northern section line. Duke Energy serves all areas south of SR 40 to the southern section line.
176	9a	T15S, R29E	17	Duke Energy serves the majority of the section except for select parcels bordering Church Street and McKay Street and parcels north of New Buckles Road to the northern and eastern section lines. Clay Electric serves the parcels in the eastern portion of the section bordering the eastern section line south to New Buckles Road and select parcels north and south of McKay Street and south of Barberville Cemetery Road. Clay Electric also serves one large parcel that connects to SR 17 close to the western section line.
176	9a	T15S, R29E	18	Duke Energy serves the entire section except for one parcel adjacent to SR 17 and Dickey Lane which is served by Clay Electric.
184	9c	T15S, R29E	19, 20, 21	The entire section is served by Duke Energy. No areas are served by Clay Electric. Parts of a parcel that appear to overlap from section 22 are shown in section 21 due to slightly irregular section lines.
185	9d	T15S, R29E	22, 23	Clay Electric serves the parcels adjacent to the northern section line. Duke Energy serves the parcels adjacent to the southern section line.
185	9d	T15S, R29E	24	Clay Electric serves the northern half of the section and the eastern portion of the section to the eastern section line intersected by Lake Winona Road, including all of Lake Winona. Duke Energy serves the southern half of the section including the southern portion of Lake Winona Road, west of Lake Winona which is southwest quarter and the western half of the southeastern corner.
185	9d	T15S, R29E	25	Clay Electric serves the eastern portion of the section to the eastern section line including the majority of Lake Clifton down to the southern section line. Clay Electric also serves the parcels between Lake Clifton and Lake Odom. Duke Energy serves the majority of the western portion of the section, as well as parcels adjacent to the east and south side of Lake Winona Road. Duke Energy also serves all of the parcels west of Lake Odom.
185	9d	T15S, R29E	26, 27	The entire section is served by Duke Energy. No areas are served by Clay Electric.
184	9c	T15S, R29E	28, 29, 30,	The entire section is served by Duke Energy. No areas are served by Clay Electric.

			31, 32, 33	
185	9d	T15S, R29E	34, 35	The entire section is served by Duke Energy. No areas are served by Clay Electric.
185	9d	T15S, R29E	36	Clay Electric serves the eastern portion of the section to Johnson Lake Road on the eastern section line including the northern part of Lake Clifton down to the southern section line. This area includes all of Johnson Lake down to Tedder Lake Road on the southern section line and the large parcel east of Lake Odom. Duke Energy serves the southern half of Lake Odom, including Johnson Lake Road and Barnhill Lane, down to Tedder Lake Road on the southern section line. Duke Energy also serves all of Tedder Lake. This is an irregular section.
185	9d	T15S, R29E	37	The entire section is served by Duke Energy. No areas are served by Clay Electric. This is an irregular section.
179	10b	T15S, R30E	1, 2, 3	The entire section is served by Clay Electric. No areas are served by Duke Energy.

Dear Mr. Custumeda:

To ensure that electric utilities in Florida are able to provide reliable and economical electric service to their customers, utilities enter into territorial agreements with one another establishing the geographical areas in which each utility is the exclusive provider of electric service in an effort to avoid the unnecessary and uneconomic construction of duplicate electrical distribution lines and other facilities to serve their customers. In an effort to efficiently serve customers in your area, we will soon enter into a territorial agreement with Clay Electric Cooperative (Clay Electric) that will revise some of the service area boundaries between the utilities and enable each utility to serve its customers more reliably and economically.

The new agreement must be approved by the Florida Public Service Commission (FPSC) before it can become effective and you will have the opportunity prior to that approval to provide your comments to the FPSC. If you wish, we will provide the pertinent contact information for the FPSC when the territorial agreement has been filed and docketed.

If approved by the FPSC, the terms of the territorial agreement call on Clay Electric to provide electric service in your area and your account would be transferred to Duke Energy at a date to be determined in the future. If you have a deposit with the Duke Energy, your deposit will be applied to your last electric bill and any surplus will be refunded directly to you.

To provide you a rate comparison, from the most recent published rate available on the FPSC website, the commercial rate of Clay Electric for 1,500 Kilowatt - Hours (KWH) was \$187.00 and the residential rate of Clay Electric for 1,000 Kilowatt - Hours (KWH) was \$116.80. For the same month, the commercial rate of Duke Energy for 1,500 KWH was \$186.00 and the residential rate of Duke Energy for 1,000 KWH was \$121.59. The rates of both utilities are subject to periodic change and may be raised or lowered in the future.

While we regret losing the opportunity to serve you and your neighbors in the future, Clay Electric is an excellent utility and we are confident you will find their service to be satisfactory.

Please contact us if you have any questions or concerns about the proposed transfer of your service to Clay Electric, or if you would like information about contacting the FPSC. You can reach us here at Duke Energy by phone at 1-800-700-8744.

Sincerely,

Duke Energy Customer Service

Dear Member:

Clay Electric Cooperative, Inc. (CEC) and Duke Energy (Duke) have entered into a new territorial agreement that designates electric service boundary lines within Alachua, Columbia, Levy, Marion and Volusia Counties for both utilities. The new agreement comes after years of negotiating previously expired agreements.

The new agreement will now be sent to the Florida Public Service Commission (PSC). If approved by the PSC, your electric service is among the approximately 361 CEC accounts in Alachua, Columbia, Levy, Marion and Volusia Counties that will be transferred to Duke within three years of approval by the PSC.

This territorial agreement will enable each utility to serve its customers more reliably and economically. The PSC has previously recognized the benefits of territorial agreements and encourages utilities to enter into this type of agreement.

When a utility notifies its customers of an agreement that involves a transfer, the PSC asks that customers be notified of the corresponding rates of the utilities. Therefore, from the most recent published rate as of November 2015, the residential rate of Clay Electric for 1,000 Kilowatt-hours (kWh) \$113.30. For the same month, the residential rate of Duke Energy for 1,000 Kilowatt-hours (kWh) was \$118.55. The rates of both utilities are subject to periodic change and may be raised or lowered in the future.

If you should have any questions or concerns about the agreement, please contact me at the address above. My email address is District Manager email address.

Sincerely,
