Re: Docket No. 150209-WS - Application of The Woods Utility Company for Staff Assisted Rate Case in Sumter County – PSC Staff First Data Request

Dear Commission Clerk,

The Woods Utility Company (The Woods) hereby requests confidential treatment of the response to Staff's First Data Request No. 10 concerning customer complaints. The information is contained on the enclosed thumb drive.

The information being requested is confidential within the meaning of Section 367.156(3), F.S. This information is treated by The Woods as strictly confidential because this information contains customer-specific proprietary information, the disclosure of which would harm the privacy interests of individual customers and subject those customers to other harm, including potential identity theft. Disclosure of customers' personal account numbers and phone numbers could provide unauthorized access to third parties; thus, potentially harming The Woods and its customers.

Section 367.156, Florida Statutes, authorizes the Commission to keep confidential and exempt from Section 119.07(1), Florida Statutes, "proprietary confidential business information." The Commission has consistently ruled that detailed customer-specific information such as customer name and address are confidential proprietary information, "the disclosure of which would harm the privacy interest of individual customers and deter customers from contacting the Company in the future if such information is subject to public disclosure. See, e.g., In re: Review of Florida Power Corporation's earnings, including effects of proposed acquisition of *Florida Power Corporation by Carolina Power & Light*, 02 F.P.S.C. 3:215, Docket No. 000824-E1, Order No. PSC -02-0356-CFO-E1 (Mar. 15, 2002). Similarly, the Commission has found that disclosure of a utility customer's "personal account numbers could provide unauthorized access to third parties; thus, potentially harming [the utility's] customers." See In re: Request for confidential treatment of certain information contained in draft report setting forth a review of customer deposit procedures of Florida's five investor-owned utilities, by *Progress Energy Florida, Inc.*, 07 F.P.S.C. 6:324, Docket No. 070245-EIY Order No. PSC-07- 0552-CFO-E1 (June 29, 2007).

This information should be considered proprietary confidential information in that is (i) intended to be and is treated as private, confidential information, (ii) because disclosure of the information would cause irreparable harm to The Woods' business operation and its customers, and (iii) the information has not been voluntarily disclosed to the public.
