Dear Mr. Friedman,

By this letter, the Commission staff requests that Utilities, Inc. of Florida (UI) provide responses to the following data requests.

1. Please provide cost justification for systems that do not currently have a late payment charge.
2. The utility's existing tariffs contain several different service availability policy descriptions, although they are very similar. Is there a single existing service availability policy that is applicable to all of the UI systems? If so, please describe the policy. If not, please describe the systems that have a unique service availability policy and practice.
