Subject: RE: Docket No. 140186-WU Brevard Waterworks

My calculation includes hydrant charges of \$40.90 for Kingswood (Line 12) and \$133.71 (Line 25). Did this charge also decrease?

In addition to your response, please send a copy of recent bills reflecting the change in charges. Although you referenced the rate change in your November 18th correspondence, we would like additional support documentation included in the Brevard docket.

Thank you,

I found the Audit Report and now I see where you got your numbers. Sorry for the confusion.

What period of time did you use for the Sept. – Aug. ? I don't know what years that represents and I'm trying to verify using actual bills. I can't get to your consumption (purchased water) amounts.

Also, you have to add in the Fire Hydrants Charges – see below:

Oakwood Fire Hydrant Charge:	\$860.40	(\$71.70 / month)
Kingswood Fire Hydrant Charge:	\$224.16	(\$18.68 / month)

Mr. Rendell,

I've attached Brevard's purchased water pass through calculation for your review. After reviewing the minutes of the Brevard County Commission meeting, I applied the single gallonage rate of \$4.46 to the test year gallons (we did normalize the gallons in the test year based on Audit Finding No. 6). Based on your clarification of the County Commission's decision, I also removed the base facility charge from the calculation. This calculation does not include an adjustment for EUW. Please review the calculation and confirm the application of the rates.

Thank you,
