*** Ensure to anotate the location address/site identifier in the "Sample Location".

- This is a good faith assessment of monitoring requirements for the above referenced public water system for calendar year 2016 and may not include additional sampling required during the year due to special circumstances. This chart shall not relieve and person from any requirements of Florida Law. It is important for you to provide this information to your operator and/or sampler.
- It is strongly recommended that testing be conducted early in the monitoring period to allow time for retest due to possible sampling or lab errors. Annual and triennial sampling should be completed by 9/30 or as directed to provide time for revisions, re-test, and /or corrections.
- Test results must be submitted to DEP within the first 10 days following the end of the required monitoring period, or the first 10 days following the month in which the sample results were received, whichever time is shortest.

If you have any questions, please contact (863) 519-8330, ext. 12151.
