Docket No. 160029-GU: Petition by Peoples Gas System for approval of special

contract with United Parcel Service, Inc.

Request for Confidential Classification for Document No. 01347-16

On March 11, 2016, Peoples Gas System (Peoples) filed a request for confidential classification for Document No. 01347-16 in Docket No. 160029-GU. This document relates to Peoples response to Staff's Second Data Request Question 1. The information in the document for which Peoples seeks confidential treatment is specifically related to the response to data request question 1. The response include information related to the percentage of the new pipeline capacity that is expected to be utilized by future customers by which the service rates could be arithmetically determined and could be used by others to gain unfair competitive advantage in the market and hamper Peoples' efforts to contract for goods and services on favorable terms. Staff has reviewed the document and concurs with Peoples that the nature of the information meets the requirements set forth in Sections 366.093(3)(d) and (e), Florida Statutes, whereby disclosure of the information would harm the competitive business operations of Peoples.

Therefore, staff recommends that the request by Peoples for confidential classification of Document No. 01347-16 be approved.
