Unjustified Rate Increase
in both the Base rate charge
and the rate per 1000 gallon.

Reasonably I could
understand the need for
an increase in the rate
for usage per 1000 gallons,
but the Base rate increase
from \$29.34 in 2015 to \$70.12
is outrageous.

It appears that the Utility Co.
is trying to recover all of
the expansion, improvements,
and operating costs from

a situation that began
in 2007 - all in one
year and from a
limited customer base.

Serious consideration
need be given to
investigating the
management practices
of this utility company.

Thank you for your
consideration of
this concern.
