Subject: Fwd: Please redraw service boundaries so that Indian River Shores can be served by Florida Power & Light

Dear Commissioner Brown,

We residents of Indian River Shores need your help regarding Docket Number 160049.

We have been residents of Indian River Shores since 1998. Since that time we have paid excessive charges for electricity by the city of Vero Beach because it uses our town to subsidize its expenses. We formally request that you add us to the official docket mailing list so that we can receive notices of all hearings or meetings related to this case.

And we encourage you to take a look at this territorial agreement that hasn't been reviewed in over 25 years and rule in our favor so that the City of Vero Beach can no longer operate this monopoly to our detriment.

We who live here are forced to subsidize the operations of the City of Vero Beach where we have no say. This sure seems like taxation without representation to us.

We would much prefer Florida Power and Light to be our electricity provider and they have made an offer to purchase the utility system here.

Thank you for your attention to this important matter.

Robert C. and Sarah Jane Moore
