Subject: Docket Number 160049

Dear Commissioner Graham,

We residents of Indian River Shores need your help regarding Docket Number 160049.

We purchased our home in Indian River Shores in 1998 and ever since we have paid excessive charges for electricity because the city of Vero Beach uses our town to subsidize its expenses. We who live here are forced to subsidize the operations of the City of Vero Beach where we have no vote or say in this matter. This sure seems like taxation without representation to us.

Therefore, we respectfully and formally request that you add us to the official docket mailing list so that we can receive notices of all hearings or meetings related to this case.

And we encourage you to take a look at this territorial agreement that hasn't been reviewed in over 25 years and rule in our favor so that the City of Vero Beach can no longer operate this monopoly to their own benefit and to the detriment of everyone in Indian River Shores.

We would much prefer Florida Power and Light to be our electricity provider and they have made a good faith offer to purchase the utility system here.

Thank you for your attention to this important matter.

Robert C. and Sarah Jane Moore
