**Members Fla PSC
Tallahassee, FL**

Dear Members of the PSC:

I am requesting your support as the President of The Victoria Condo which consists of 102 owners and located in Indian River Shores.

For too long a time we were locked into paying rates that were 30-40 percent higher that our neighbors who receive their electricity from FPL.

This is not solely about rates the City of Vero Beach Electric offers no solar generation or conservation programs. We have no voice in the voting or decision making process and for years have been subsidizing the tax base of the entire city so taxes can be kept artificially low.

We are asking for your help. Please reresent us in securing relief we need and deserve.

**Sincerely,
Jay Grutman**
