Subject: FPL serving all IRS

The Public Service Commission (PSC) needs to redraw service boundaries so that our entire Town of Indian River Shores is served by FPL. Below are some reasons to redraw lines:

- "The constitutional issue before the PSC is not some obscure legal issue on a law school exam. This is a real issue that is harming the people in our community.
- Under the pretense of a territorial agreement, Vero Beach is operating an unregulated monopoly in our Town.
- The last time the PSC reviewed that territorial agreement was over 28 years ago.
- Our residents have no say in how rates are set or how Vero Beach uses the unregulated profits that it extracts from us.
- Our residents are forced to subsidize the operations of a City that is unaccountable to them. Many would call this "taxation without representation."
- Having FPL, whose rates are professionally and neutrally regulated by the PSC, as the single electric utility provider in our Town would cure these issues."
-

Thank you for your consideration.

Sorry
