As a resident of Somerset for 13 years, I protest the rate increase request by Utilities Inc. The water smells and is so discolored that I'm unable to wash white clothes in it. We have installed a house water filter & water softener but still have the problem. In 2008 I understood that Utilities Inc. was going to construct a new treatment facilities to help with the problems. The only thing that I've seen so far is rate increases & no water improvement. Please, NO rate increase and connect us to Pasco Water.
