Subject: Commissioner Brise, Please protect the residents of IRS regarding the Town's Electric Utility Station

Dear Commissioner Brise,

As a resident of the town of Indian Rivers Shores, I have direct interest in the outcome of the Town's Petition for modification territorial order (Docket Number 160049).

I have the following concerns:

Homeowners are paying in excess of 30% more for their Vero Beach electrical power compared to rates offered by FPL.

Vero Beach Utilities does not offer conservation plans or discounts on new appliances as offered by FPL. Homeowners do not have representation regarding their utility concerns.

We need your assistance to re-draw service boundaries so that our entire Town can be served by Florida Power & Light. Please aggressively work on behalf of the residents of Indian River Shores and ask your colleagues to do the same.

Thank you.
