<p>Please do not give Utilities, Inc any rate increase. We should not have to pay twice for using our own wells to water our lawns. Our water bills are too high now and we have to pay for a lot of extras because the water is so bad - yellow, smells and unfit to drink. The only thing they do to improve our water is to flush a lot into our streets which we have to pay for. Our rates are already one of the highest in Florida so why do they need more money?</p>
