Re: Docket No. 160126-EI - Petition for approval of modifications to the approved premier power tariff and the government underground tariff and for approval of new government cost recovery contract, by Duke Energy Florida, LLC.

Dear Ms. Triplett and Mr. Bernier:

By this letter, Commission staff requests the following information from Duke Energy Florida, LLC.

1. Please refer to Fifth Revised Sheet No. 4.124, Section 12.06(2) related to the Annual Recovery Amount formula: please confirm that the formula been reformatted to fit on a single line and will produce the same arithmetic results as the currently approved formula. If not, please explain. Also, please verify that the formula is the same on revised tariff Sheet Nos. 4.124 and 7.060.
2. Please state how many, if any, local governments have contracted with Duke to date for underground cost recovery. If any, please explain how those local governments took underground service without the Cost Recovery Contract?
3. Please discuss if Duke anticipates any local governments to convert from overhead to underground in the near future.
4. Please refer to Rate Schedule PPS-1: General Service Premier Power Service Rider – what is the justification for allowing the availability of the premier power service rider to curtailable/interruptible classes such as CS-1, CS-2, CS-3, CST-1, CST-2, SCT-3, IS-1, IS-2, IST-1 and IST-2?

5. Please refer to Rate Schedule PPS-1, Revised Sheet No. 6.370 and 6.371 which refers to General Service – Premier Power Service Rider while in the contents of the tariff pages, the term General Service has been replaced with the term non-residential. Should the title of the rate schedule also be revised to state “non-residential”?

Please file all responses electronically no later than Tuesday, June 7, 2016 via the Commission’s website at www.floridapsc.com by selecting the Clerk’s Office tab and electronic Filing Web Form. Please feel free to call me at (850) 413-6204 if you have any questions.

Thank you.
