Re: PSC Docket No. 160021 – FPL Request for Rate Increase

Chairman Brown and Commissioners:

Enclosed herewith please find City of Parkland (“City”) City Commission Resolution No. 2016-55 opposing Florida Power & Light Company’s (“FPL”) petition for a base rate increase. Approval of this request would increase typical residential power rates by approximately \$13.28 per month as well as increasing electric costs to the City by approximately seventeen percent (17%) over the four year period.

The City of Parkland City Commission recommends denial of this petition.

Sincerely,

Caryn Gardner-Young, AICP
