**Subject:** Docket 160021 - FPL rate increase

I wrote before in opposition of the FPL rate but would like to add the following:

New energy bill just introduced in Senate which is intended to adopt a retro approach to safeguard against cyber - attacks. I don't imagine we will be getting a refund from FPL for the technology fee they passed on to their customers last time.

Please do not grant this increase which will be a burden to most Florida residents.

Thank you.
