Subject: Docket Number 160021-EI -FPL's Rate Increase Request

We are strongly opposed to this request! Rather than show need for this rate increase, FPL has shown enormous profits and has raised its CEO's annual compensation to obscene levels. FPL has squandered money promoting a ballot initiative designed to deceive the public and not advance our interest. It has made minimal if any attempts to develop alternative energy sources (*solar, wind, e.g.) and has knowingly and deliberately despoiled our environment. We do not believe that a rate increase is in order!

Thank you.
