Re: Docket No. 160021 – EL

Honorable PSC Commissioners,

In my two years as a project manager for the City of Opa-locka, I have had the pleasure of working with Orlando Carr and Frank Cantero from FPL in two projects, Alexandria Drive and Cairo Lane (ongoing project).

Both projects, have been managed professionally, with attention to details and within the timing requirements. In addition, they have been respectful of the needs of the property owners.

Their field personnel and design team are knowledgeable, experienced and responsive to unique field conditions.

The City of Opa-locka is very satisfied with the manner in which FPL has executed the contracts for our city.

Sincerely,

Carlos Gonzalez
