**Subject:** FPL Rate Increase - docket number 160021-E1

*Now we have seniors that cannot afford to buy their medication, and with this rate increase and everything else, as everyone has spoken about, it's not only a 23 percent, everything that comes with it that they're going to have to pay for, they may have to not eat to be able to pay for their bills. \$960 million of FPL's rate increase will go into FPL investors' pockets. None of those funds will go to service enhancements, disaster preparedness, or energy innovation and according to their own filing with the PSC, FPL is on target to make \$1.6B in profit in 2017 without the requested rate increase.*

This is the only power provider available to me and FPL's request equals a 23 percent base rate increase for all residential ratepayers (this is a charge increase even before you flip on a switch,) and would allow an unprecedented return on equity (shareholder profit) of 11.5 to 12.5 percent.

This is from:

George and Susan Perryman

77028 Crandall Road

Yulee, FL 32097

**docket number 160021-E1**

*When you're considering this rate increase in order to generate higher profits for FP&L, please keep in mind that those profits come at our expense, and that includes the senior community, many of whom are having a very hard time of it.*
