Subject: Rate increase

Sir or Madam:

This rate increase for FPL is highway robbery. I'm surprised that they are not wearing masks and carrying guns.

I am living on a fixed income and trying to take care of my 92 year old Sainted Mother. How am I supposed to come up with a 23% increase in my power bill? I don't understand how out of state investors deserve a 12% return when I can't even get 1%. FPL's rates should be tied to the same CPI that Social Security is. How can they warrant a 23% increase when we Social Security recipients can't even get an increase at all?

Please do not allow this insanity or we'll all be eating cat food, that is if we have enough to buy even that.

Warm regards,

Ronald C. Weaver
