Subject: Fpl increase

To whom it may concern:

In the matter of docket # **160021-E1**

When you're considering this rate increase in order to generate higher profits for FP&L, please keep in mind that those profits come at our expense, and that includes the senior community, and disabled community like myself, on a fixed LOW income, and many of whom are having a very hard time of it as it is. We are living on fixed incomes and can not afford a rate increase without having to do without some of our medications. This could kill us. My bills are high enough in my small mobile home as it is and can not afford to upgrade. This is why I live in a mobile home. To be able to support myself with my disability and my child.

Please consider all this for people who can barely afford to live as it is.

Thank you for your time and consideration in this matter.

Ashley Monzo
Palmetto, FL
