Subject: FPL Rate Increase

To whom it may concern:

When you're considering this rate increase in order to generate higher profits for FP&L, please keep in mind that those profits come at our expense, and that includes the senior community, many of whom are having a very hard time of it as it is. We are living on fixed incomes and can not afford a rate increase without having to do without some of our medications. This could kill us.

Thank you for your consideration in this matter.

Gale Leonzio
