Subject: FPL Rate increase

I am against any rate increase for FPL they don't even give me the service that's needed in my neighborhood at this time trees in the easement which belongs to FPL has not been trimmed in several years and just recently I had a problem receiving full power from the electric pole because the trees had pull the wires away from the pole so now none of my appliances at home would work and it took them at least 10-12 hours to get my service working again and my electric bill is already sky high. I have to call sometimes to get an extension on my bill because I can't pay the full bill all at once, no rate increase for FPL it's all about greed not servicing the people the more money they make the more money they want. I am 61years of age about to retire and I have a son who lives with me diagnosed with Autism and I cannot afford a rate increase for FPL, Thank You for time Emma G Daughtry
