Subject: FPL rate hike docket number 160021-E1
Importance: High

We are seniors on a fixed income. We can't afford a 23% rate hike on our highest cost utility. Especially if we are not benefitting by the extra money we would be paying out. If this mainly benefits shareholders and profits, then please stop this because so many seniors here in Florida can't afford to have this happen. It will adversely effect how we live.
