Subject: FLORIDA POWER AND LIGHT RATE INCREASE

We definitely have no option of investing in another power and light company, we have no say in how many millions of dollars they pay their C-Suite executives, and we have no accurate accounting for the full scale of political contributions they make each year to influence those in power to keep FPL in its unchallenged, powerful position in this state.

Although I appreciate that FP&L strives to provide good service to their clients, it has to be remembered that many of those same clients are senior citizens who are struggling to keep up with the huge raises in medical expenses, food, housing, etc. and look to companies like FPL to help keep costs down for seniors.

Please consider any raise with your heart and not your pocketbooks!
