Daniel and Carmen Senchyshyn, are against any proposal request for FPL, as residents of Osprey in Sarasota County, we know FPL is already very profitable and does not need any increase to improve the service it provides to us. The increase is not needed for any equipment or to improve its facilities, the company is very profitable and pays a very good return to its investors. It is not necessary to fleece the retirees, working poor, disabled, and residents who have no recourse or other alternative supplier. Say NO to the increase!
