Dear Ms. Carlotta Stauffer, I am writting to you because I would like my testimony and voice to be heard before the final Tallahassee hearing on Aug. 22 regarding FPL's rate increase.

Based on this information:

1. *\$960 million of FPL's rate increase will go into FPL investors' pockets. None of those funds will go to service enhancements, disaster preparedness, or energy innovation.*
2. *According to their own filing with the PSC, FPL is on target to make \$1.6B in profit in 2017 without the requested rate increase.*

My opinion is that allowing FPL to increase rates, is pure greed and disregard for all Florida citizens. This hearing is really about how FPL investors can line their pockets, lets be honest. There is no benefit for the citizens who rely on FPL and are at the mercy of this main energy company's rates.

I strongly disagree with this rate increase. I vote: NO.
