If the following is true,

1.\$960 million of FPL's rate increase will go into FPL investors' pockets. None of those funds will go to service enhancements, disaster preparedness, or energy innovation.

2.According to their own filing with the PSC, FPL is on target to make \$1.6B in profit in 2017 without the requested rate increase.

I can only agree to the \$1.3B minus \$960M increase. I am hoping that they put the increase to good use.

Name: Thaggikuppe V Seshadri
