**Subject:** I am STRONGLY opposed to FPL proposed rate increase

I am a resident of Bradenton, Fl. in Manatee County and I am very upset that the PSC would even consider giving FPL a rate increase.

FPL is on track to make 1.6 billion dollars in PROFIT this year

Their rate proposal adds an additional \$900 million profit to FPL's bottom line. Less than one third of the requested proposal amount is suggested to be used for infrastructure.

Please DO NOT grant any further rate increases to this monopoly.

If anything a rate reduction would be appropriate.

Thank you for considering my request.
