1. \$960 million of FPL's rate increase will go into FPL investors' pockets. None of those funds will go to service enhancements, disaster preparedness, or energy innovation.
2. According to their own filing with the PSC, FPL is on target to make \$1.6B in profit in 2017 without the requested rate increase.

**Really? Show mw where that kind of profit needs a raise.??**

**Thank you.**
