Good afternoon Mr. Anderson,

We will be placing your comments below in consumer correspondence in Docket No. 160021-EI and forwarding your comments to the Office of Consumer Assistance and Outreach.

Sincerely,

Ashley Quick  
Commission Deputy Clerk I

I think that the 23% rate increase FPL is seeking should not be approved. It is not needed for the reasons given. They enjoy a monopoly with fair compensation and they should not take advantage of their customers. I respectfully request that the Public Service Commission not approve the price increase.
