It is quite concerning that FPL has a monopoly in Florida and the citizens have no defense. Why isn't the Commissioner asking the tough questions of FPL?. My husband and I are both retired. Our income is fixed and get no increases. Why should they get an increase without using it to improve anything related to lowering the cost. We participate in the "On Call" program. They will simply take those discounts away. It is not fair. South Florida has not had a hurricane since Wilma. They need to show the rate hike is not just for profit.
