## CONSUMER COMMENTS

Salaries & SS retirement remains the same without an increase. - Essential daily life expenses increases by the day, and now FPL wants to increase our service bill substantially.

I find this abusing towards customers with low income as many of us do.

A customer consuming 1,500 kWh their increase will be of \$12.81 - A customer consuming 1,000 kWh - their increase will be of \$10.00 - I find this to be extremely high comparing it to our income.

Your reconsideration to the increase will be appreciated by many of us.

Thank you. -
