**Subject:** FPL's Unreasonable and Excessive Request in Base Electricity Rates

To Whom it May Concern,

In light of the circumstances, I am vehemently opposed to the rate increase proposed by FP&L. It is a "monopoly" in my area (i.e. Brevard County) and its projected profits are more than sufficient to satisfy its shareholders. With that being said, they have no reasonable rationale to be approved to raise the base electricity rates. Your attention to this matter is very much appreciated.
