*Dear Mrs. Stauffer,*

*I cannot fathom why FPL is requesting such an absurd rate increase! When you're considering this matter simply (in order to generate higher profits for FP&L), please keep in mind that those profits come at our expense, which includes the large senior community. There are also many families who are having a very hard time making ends meet, and it appears that this increase will mostly benefit the executives and stockholders of FPL. Being retired and on a fixed income, I am strongly against this increase. I only wish my social security income would go up accordingly!*
