Public Service Commission Clerk,

When FPL considers the rate increase, for HIGHER CORPORATE PROFITS, please also consider my 92 year old mother and the thousands of Florida senior citizens just like her who live on social security. The 23% rate increase may not sound like a lot of money to the decision making executives that are proposing this, but for my mother it will mean cutting back on necessary items on her already small grocery list so she can afford her medications.

Sincerely,  
Maryvonne Mileo
